

Bullers Wood School for Boys

Extra-Curricular and Enrichment Activities

Our curriculum is largely academic because we firmly believe that high value qualifications are essential to a successful career. However, we want our students to become well-rounded individuals who are able to develop their talents and find their niche outside of the classroom. Therefore, we will offer a full programme of enrichment and extra-curricular activities. Our target is to have 100% of students participating in at least one extra-curricular activity in an academic year.

In the primary/secondary transition phase, we will talk to you and your sons about their talents and interests so that we can tailor our activities appropriately.

Initially our extra-curricular and enrichment programme **will be small but as the School grows so will, the range of activities offered.** We also envisage that some activities and clubs will be open to both boys and girls from both Bullers Wood Schools.

Potential Extra-Curricular and Enrichment Activities

Activity	Hours per week	Comments
