2. Aims

- To ensure full entitlement and access for SEND students to high quality education within a broad, balanced and relevant curriculum (including access to the National Curriculum) so that they can reach their full potential and enhance their self-esteem.
- To ensure that there is a system of identifying, monitoring and assessing student progress, which is appropriate to students with SEN, and that all staff are aware of the procedures.
- To ensure that every student makes the maximum progress necessary to reach his/her potential.
- To ensure a whole school response to the Code of Practice for SEN (2014).
- To make available appropriate and personalised resources for students with SEND.
- To foster positive working relationships with parents/guardians in meeting the needs of their students.
- To ensure a high quality of specialist support staff who are deployed effectively.
- To ensure that all staff are aware of their responsibilities for students of all abilities (as documented in the Code of Practice).
- To promote the skills and support necessary to enable all staff to provide for students of all abilities.

3. The fundamental principles of Buller's Wood MAT SEND policy:

3.1 Students with SEND are accepted at Bullers Wood School and Bullers Wood School for Boys on equal terms with any other child, provided that they meet the admissions criteria (see Admission Policy), and that their needs can be met.

3.2 At Bullers Wood we believe the following to be fundamental principles:

- All teachers are teachers of students with special educational needs and disabilities (SEND) and follow the principles of differentiated teaching. The SEN Code of Practice makes it clear that meeting the needs of students with SEND is a matter for the school as a whole.
- All students should have access to a broad and balanced curriculum which is appropriate to the individual's needs and ability.
- Students with SEND should make progress at least in line with expectations.
- Students are identified as requiring SEND provision as early as possible.

- Students with SEND take as full a part as possible in all school activities
- Parents of students with SEND are kept fully informed of their child's progress and attainment
- Students with SEND are involved, wherever possible, in decisions affecting their provision

4. Definition of SEND

4.1. Students have special educational needs if they have a difficulty which calls for an educational provision to be made for them which is additional to or otherwise different from that ordinarily provided.

4.2. Students have a learning difficulty if they:

- have a significantly greater difficulty in learning than the majority of children of the same age or
- have a disability which either prevents or hinders them from making use of educational facilities of a kind generally provided for children of the same age in schools within the area of the local authority;
- are of compulsory school age and fall within the definitions above or would do so if special educational provision was not made for them.

4.3. Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

5. The School's SEN Information Report

5.1 Each school's SEN Information Report is updated every October and should be read in conjunction with this policy. The SEN Information Report outlines the school's provision for students with SEND and how the school will implement this policy.

6. The SEN Department

6.1 The SEN Department is committed to promoting:

- Equal access to a balanced and appropriate curriculum for students with SEND.
- A caring and supportive environment where all students are encouraged to reach their potential.

6.2 The main functions of the SEN Department are:

- To identify at an early stage those students with SEND.
- To assist and advise departments in the teaching of those students through a whole school approach.
- To work with teaching staff to ensure that students make better than expected progress.
- To monitor the progress of those students with SEND throughout their secondary education and to liaise with parents, outside agencies and the LA where necessary.
- To identify at an early stage those students with low literacy and numeracy skills, social, emotional and mental health needs, social and communication issues and speech and language needs. This may require referring a student to another agency such as Bromley Wellbeing.
- To provide strategies for development either through interventions, in-class support or teacher liaison with other departments.
- To ensure that students who meet the criteria for exam arrangements have the concessions that they are entitled to and that the JCQ regulations are followed.

This approach is in line with the SEN Code of Practice (2014). The SEN Information Report contains detailed information about how the school follows the graduated approach.

8. Roles and Responsibilities

Provision for students with SEND is a matter for the school as a whole. Some responsibilities are more defined in accordance with the Code of Practice.

8.1. Headteacher

Teachers and non-teaching staff are fully aware of the schools' procedures for identifying, assessing and making provision for pupils with SEND.

8.5. Governors.

The Local Governing Board, in co-operation with the Headteacher, determines the school's general policy and approach to provision for pupils with SEND, establishes the appropriate staffing and funding arrangements and maintains a general oversight of the school's work. 11. Accessibility

11.1 Statutory Responsibilities: The DDA as amended by the SEN and Disability Act 2001, and superseded by the Equality Act 2010, placed a duty on all schools and Local Authorities to plan to increase over time the accessibility of schools for disabled pupils and to implement their plans.

11.2 Bullers Wood School is a challenging site for the physically disabled but ramps and appropriate toilet facilities are available. Some modifications were made following audits. It is the School's policy that students with a disability should have the same access rights to the curriculum offered as any other student in the school and shall not be treated less favourably

Bullers Wood School for Boys temporary accommodation at 1 Westmoreland Road will be accessible to students with a disability and students are able to have the same access rights to the curriculum as any other students in the School. The permanent building will be fully DDA compliant.
