

New Business Partnerships

Bullers Wood School is proud to be associated with **The Acorn Group Bromley**.

Their aim is to provide valuable work experience for Year 10, 12 and Year 13 students together with information and guidance on future Apprenticeship Programme opportunities.

They realise that there is a huge talent pool of young people who are looking for an alternative to University or a career after University and they can offer a salary, work experience and skills training to achieve a professional qualification.

The Apprenticeship programme is part of their long-term recruitment strategy which they are continually developing to attract their future employees.

The programmes currently being delivered/ in progress have been selected due to their progression routes and suitability to the business and to enable the staff member to have the opportunity for continued personal development.

Acorn will support Bullers Wood with Year 9 career talks during Enterprise, 6th Form motivational talks and vocational advice.

We are also fortunate to have the support of the **Kier Group**, they are offering work experience, talks and Enterprise Activities.

In Years 7 to 9 they are able to access ShapingYourWorld@Kier.co.uk. This resource is a virtual interactive built environment with facts, a group of animated videos and a host of real life careers information from Kier (and partner) employees, as well as a new careers guide.

Companies who have, and will continue to support us;
